Environmental Review Team Report

Prepared by the
King's Mark
Environmental Review Team
Of the
King's Mark
Resource Conservation and Development Area, Inc.

For the
Planning and Zoning Commission
Cornwall, Connecticut

December 2007

Report #344

Acknowledgments

This report is an outgrowth of a request from the Cornwall Planning and Zoning Commission to the King's Mark Resource Conservation and Development Area (RC&D) Council for their consideration and approval. The request was approved and the measure reviewed by the King's Mark Environmental Review Team (ERT).

The King's Mark Environmental Review Team Coordinator, Elaine Sych, would like to thank and gratefully acknowledge the following Team members whose professionalism and expertise were invaluable to the completion of this report.

The field review took place on Tuesday, April 24, 2007.

Nicholas Bellantoni	State Archaeologist UCONN – Office of State Archaeology (860) 486-5248
Brian Golembiewski	Environmental Analyst DEP – Inland Water Resources (860) 424-3867
Joseph Hickey	Recreation Planner CT Greenways Council/DEP Retired (860) 529-4363
Kathleen Johnson	District Conservationist USDA-NRCS Torrington Service Center (860) 626-8258
Alan Levere	Wetland Reviewer DEP – Office of the Chief of Staff (860) 424-3643
Dan McGuinness	Director Northwestern Connecticut Council of Governments (860) 868-7341
Dawn McKay	Biologist/Environmental Analyst 3 DEP - Environmental and Geographic Information Center (860) 424-3592

Donald Mysling	Senior Fisheries Biologist DEP – Inland Fisheries Division Habitat Conservation and Management Plan (860) 567-8998
Susan Peterson	Housatonic Watershed Coordinator DEP – Bureau of Water management (860) 424-3854
David Poirier	Staff Archaeologist State Historic Preservation Office (860) 566-3005
Larry Rousseau	Service Forester DEP – Western District Headquarters (860) 485-0226
Randolph Steinen	Geologist DEP – State Geological and Natural History Survey UCONN - Emeritus Professor, Geology Program (860) 486-1383
Judy Wilson*	Wildlife Biologist DEP – Eastern District Headquarters (860) 295-9523

*Report not yet received.

I would also like to thank Annie Kosciusko, chair, planning and zoning commission, Rick Lynn, Pat Hare and Emilie Pryor, members, planning and zoning commission, and Elaine LaBella, Housatonic Valley Association, for their cooperation and assistance during this environmental review.

Prior to the review day, each Team member received a summary of the proposed project with various maps and a scope of work outlining the information desired from each Team member. During the field review Team members were given additional information such as additional maps and plans. Some Team members made additional field trips while others conducted a map review only. Following the review, reports from each Team member were submitted to the ERT coordinator for compilation and editing into this final report.

This report represents the Team's findings. It is not meant to compete with private consultants by providing site plans or detailed solutions to development problems. The Team does not recommend what final action should be taken on a proposed project - all final decisions rest with the town. This report identifies the existing resource base and evaluates its

significance to the proposed use, and also suggests considerations that should be of concern to the town. The results of this Team action are oriented toward the development of better environmental quality and the long term economics of land use.

The King's Mark RC&D Executive Council hopes you will find this report of value and assistance in the update of the town plan of conservation and development.

If you require additional information please contact:

Team members at a field review stop at Cream Hill Lake.

About the Team

The King's Mark Environmental Review Team (ERT) is a group of environmental professionals drawn together from a variety of federal, state and regional agencies. Specialists on the Team include geologists, biologists, soil scientists, foresters, climatologists and landscape architects, recreational specialists, engineers and planners. The ERT operates with state funding under the aegis of the King's Mark Resource Conservation and Development (RC&D) Area - an 83 town area serving western Connecticut.

As a public service activity, the Team is available to serve towns within the King's Mark RC&D Area - *free of charge*.

Purpose of the Environmental Review Team

The Environmental Review Team is available to assist towns in the review of sites proposed for major land use activities or natural resource inventories for critical areas. For example, the ERT has been involved in the review of a wide range of significant land use activities including subdivisions, sanitary landfills, commercial and industrial developments and recreation/open space projects.

Reviews are conducted in the interest of providing information and analysis that will assist towns and developers in environmentally sound decision making. This is done through identifying the natural resource base of the site and highlighting opportunities and limitations for the proposed land use.

Requesting an Environmental Review

Environmental reviews may be requested by the chief elected official of a municipality or the chairman of an administrative agency such as planning and zoning, conservation or inland wetlands. Environmental Review Request Forms are available at your local Conservation District and through the King's Mark ERT Coordinator. This request form must include a summary of the proposed project, a location map of the project site, written permission from the landowner / developer allowing the Team to enter the property for the purposes of a review and a statement identifying the specific areas of concern the Team members should investigate. When this request is reviewed by the local Conservation District and approved by the King's Mark RC&D Executive Council, the Team will undertake the review. At present, the ERT can undertake approximately two reviews per month depending on scheduling and Team member availability.

For additional information regarding the Environmental Review Team, please contact the King's Mark ERT Coordinator, Connecticut Environmental Review Team, P.O. Box 70, Haddam, CT 06438. The telephone number is 860-345-3977.
