**Data Sources:**  
Transportation shapefiles are TIGER files from the United States Census Bureau. Surface water, impaired waters and town boundary shapefiles were obtained from the Connecticut Department of Energy and Environmental Protection. The Housatonic River Inner and Outer Corridor layers were developed by the Housatonic River Commission. The Protected Parcel shapefile is a layer created by the Housatonic Valley Association, with data shared by Greenprint members and other public sources, in an attempt to stay current with the

0 0.5 1 2 3 4 Miles
